A LONG SECTION of a highway near California Junction, Ia., lies under water as the rampaging Missouri River continues to rise. Thousands of persons at major points along the river left their homes, businesses and possessions in the flight from the disastrous flood. (International)

# New Polio Control To Be Used On Children

NEW YORK, April 16—(AP)—A vital new discovery about polio will be tested on children this summer to prevent infantile paralysis.

The discovery is that the polio virus apparently gets into the blood first, before it enters nerves and destroys them. And while the virus still is in the blood, it can be killed by giving antibodies.

This kind of prevention of polio has worked in monkeys.

Next, children threatened by an epidemic will be given the anti-bodies to hit the virus before it makes them sick. Where or when the tests will come was not disclosed.

The antibodies will come from human blood. Most people have had polio, without ever knowing it, and they made their own antibodies to destroy the virus. One substance in your blood carries these antibodies.

The new discoveries were reported to the Federation of American Societies for Experimental Biology by Dr. David Bodian of the Johns Hopkins University and Dr. Dorothy M. Horstmann of Yale.

Their findings in monkeys apparently apply as well to humans. The National Foundation for Infantile Paralysis supported their work.

The monkeys got polio virus in their food—just as humans do. A week or two later, the virus was found in their blood, and it stayed there for a few days. All this time, the monkeys showed no signs of sickness.

Later some monkeys got sick and became paralyzed when the virus left the blood and attacked nerves.

All the monkeys produced their own antibodies, but some apparently did not make enough, or did not make them soon enough.

But there is another encouraging fact—that only a small dose of antibodies does the trick, Dr. Bodian said.

This brightens the hopes for a real vaccine. It means the vaccine probably could be a weak one and still work. The vaccine consists of real polio virus, treated so it can't cause sickness but still will make antibodies. Protection developed this way would last a life-time.

If the monkeys were first given an extra dose of antibodies, they did not get sick.

The hope is such antibody shots would protect many humans in a polio epidemic.

It might be a hard problem to get enough of the blood medicine, or to give it soon enough. And the antibodies that are given this way don't last effectively for very long.

## As Was Expected, Ike Defeats Taft

### At Least 31 of 38 New Jersey GOP Delegates Go to General

NEWARK, N. J., April 16—(AP)—Gen. Dwight D. Eisenhower soundly defeated Sen. Robert A. Taft in the New Jersey primary, winning at least 31 convention delegates, and cutting the senator's margin in the battle for the Republican presidential nomination.

Eisenhower's edge over Taft in the preferential vote was moving toward the 150,000 mark.

Here is the tabulation:

Republican ballot: 3,761 of 3,840 districts: Eisenhower 370,509, Taft 219,786, Stassen 21,967, MacArthur 284 (write-in), Warren 102 (write-in), Stevenson 12 (write-in), W. O. Douglas 7 (write-in), Truman 22 (write-in), Kefauver 7 (write-in).

Democratic ballot: 3,440 of 3,840 districts: Kefauver 141,769, Truman 135 (write-in), Stevenson 161 (write-in), W. O. Douglas 38 (write-in), Eisenhower 499 (write-in), MacArthur 43 (write-in).

New Jersey's convention delegates are not pledged, but Gov. Alfred E. Driscoll recently said they should be "morally bound" by the results of the preferential vote. The state has 38 GOP delegates.

FOUR KNOWN Taft supporters were elected, however, and two more said they are awaiting complete returns before deciding which man to support.

Eisenhower's victory appeared to have convinced some of his backers he won't have to campaign vigorously for the Republican presidential nomination.

The New Jersey results appear to have bolstered the belief of many observers that the general can come home in June, make a few selected speeches and go into the convention with a good chance for the nomination.

They argue that campaigning such as Taft has done across the land would only involve Eisenhower in detailed domestic issues which he otherwise could treat with broad brush strokes.

Primary tests in Pennsylvania, Massachusetts and Oregon and several state conventions will shed more light on this theory before Eisenhower's return.

John D. M. Hamilton, Taft's eastern manager, claimed a "moral victory" for whatever that kind of a victory is worth. He said the general "made a miserable showing."

Even his attempted political withdrawal was only a political maneuver—as the Eisenhower forces charge—the Ohioan took the sting out of a defeat that might have been a serious setback if it had come after he had campaigned personally in New Jersey. He declined to campaign in person, although his spokesmen did.

# MISSOURI VALLEY IS EYEING FLOOD CRISIS

### Industrialists Plan Court Battle

## Government May Negotiate Direct With Steel Union

WASHINGTON, April 16—(AP)—The federal government Wednesday prepared to go over the head of the seized steel industry and give a wage boost to Philip Murray's CIO steelworkers.

asking that his name not be used, said it seemed to him that the government would give Murray the substance of the Wage Stabilization Board recommendations:

A 12½-CENT hourly pay boost plus other benefits. Additional pay raises of 2½ cents in July and next January were proposed by WSB.

It was not considered likely the government would give Murray the contested union shop arrangement—a clause requiring all steel workers to belong to Murray's union.

Whatever the terms may be, the steel industry was ready to fight back. Its attorneys had papers drawn seeking a court order to restrain any payment of increased wages out of industry funds.

## 7 Governors, Truman, Hold Special Parley

### Omaha Area Guard Is Up Against Muddy Mo's Punch

OMAHA, April 16—(AP)—An emergency conference between President Truman and the governors of seven flood-battered Midwest states was being held here Wednesday afternoon.

The President took off into murky skies in his plane "Independence" from Washington early Wednesday and landed at Offutt Air Force Base near here.

Meeting with the President were Governors Stevenson of Illinois, Anderson of South Dakota, Brundage of North Dakota, Beardsley of Iowa, Peterson of Nebraska, Kohler of Wisconsin and Anderson of Minnesota.

Meanwhile, the guard was up here against a flood punch hardly anyone thought the mad Missouri River could throw. But the river was ready with that punch after leaving much of its valley in misery.

THE SLASHING and tearing river—most savage of several now creating havoc in the rich Midwest area—is due to hit the Omaha and Council Bluffs area Thursday with a crest of 31.5 feet, much more than man built his best flood walls and levees to stand normally against the Missouri. The walls crest.

To meet the Missouri's maddened march, the walls and levees have been hiked by flash boards, more dirt, sandbags, almost everything 14,000 workers could build.

In this area the Army engineers have staked a lot and some 34,000 persons have been moved out of sections of Council Bluffs that will be flooded if there is a "blowout." In the Bluffs that is two-thirds of the population.

This is the scene President Truman viewed by air at mid-day as he flew into Omaha to talk over the job of putting the disposed back on their feet once the water is gone.

The big question is whether the Omaha-Council Bluffs protections will be able to hold back the biggest Missouri flood white man has ever seen, and which has ravaged areas of the Dakotas, Nebraska and Iowa.

LT. Gen. Lewis A. Pick, chief of the Army engineers, thinks there's a good chance the Missouri can be handled here.

IF IT CAN'T, then the river has scored its biggest victory, for every effort has been made to stop the marauder.

Drawing heavily upon the Fifth Army manpower to reinforce the hosts of civilians who answered the call of need, the engineers chief says he believes the federally constructed works will hold everywhere in Iowa, Nebraska, Missouri and Kansas.

Pick sees victory within reach for the men and machines, provided, there is no sudden "blowout" of any wall or levee or an unexpected downpour of rain.

Upstream, the Missouri has handed the land a terrific trouncing, although the loss of life has been at a very minimum.

So has the Mississippi in areas in Minnesota and Wisconsin and the Red River of the North in Minnesota. Further, the Mississippi has a spearhead poised to rip into Iowa and possibly Illinois cities along its southward route to the sea.

While everything that could be done in threatened areas was being done, another big job was just beginning. That was rehabilitation of the homelands.

## Courts Must Decide If Truman Right In Grab Of Steel Mills

WASHINGTON, April 16—(AP)—It is now up to the federal courts to decide whether President Truman's seizure of the nation's steel mills was constitutional.

The Justice Department set forth its views of the legality of the seizure in a brief filed with the U. S. District Court here Tuesday. The department contended:

1. The seizure was fully in accordance with constitutional law.
2. There are a number of precedents for Truman's action.
3. Truman didn't seize the steel

mills to avoid a strike, but rather to protect this nation's military position "during this period of national emergency."

Five leading steel companies have challenged the seizure. They asked the court for a permanent injunction that would prohibit the President from taking over the mills.

THE JUSTICE Department's reply said Truman acted under the "inherent powers" spelled out in Article II of the Constitution. This article says:

"The executive power shall be vested in the President of the United States (that he) shall be commander-in-chief of the Army and Navy of the United States (and that) he shall take care that the laws be faithfully executed."

The brief declared "that the authority of the President to meet the existing crises through a seizure in the form here made is clearly established by the Constitution, by historical precedent and by court decisions."

As for historical precedent, it listed a number of cases dating back to 1812. Among them was the case in which President Lincoln blockaded the southern ports prior to the outbreak of the Civil War. The Supreme Court upheld the act with the statement that "the Constitution confers on the President the whole executive power."

Lincoln also took over the railroad and telegraph lines between Washington and Annapolis, Md., in 1861. Congress followed with legislation affirming the action.

## Dial System Perfected For Attack Alerts

NEW YORK, April 16—(AP)—A dial-operated "bell and lights" air raid warning system by which the whole country could be alerted in two minutes was unveiled Wednesday to stockholders of American Telephone and Telegraph Co.

Equipment for the automatic warning network was displayed in an exhibit set up for the annual meeting of the firm, parent company of the giant Bell System, world's largest corporation.

The improved warning system was developed by Bell to enable civilian defense authorities to flash instantaneous warnings to vital installations around key points.

Heart of the system is a special device, with a dial similar to that of a telephone, making it possible to dial any one of three different types of alerts.

If an attack was imminent, a civilian defense worker would spin the dial to "red." Immediately, bell signals for a "red" warning would sound in police, fire and other key installations, as well as hospitals and other points to be alerted. A red light also would be illuminated on the receiving device.

The signals flash over private circuits connecting all points to be alerted.

## Anthrax Report Given by State

COLUMBUS, April 16—(AP)—Two new cases of anthrax among hogs were reported Wednesday in Darke and Auglaize Counties. Both counties had previous outbreaks.

The State Agriculture Department also said it has lifted quarantines on 15 more Ohio farms where the disease had killed cattle and hogs. Quarantines are still in effect on 133 farms.

The department said Greene and Meigs Counties, which had anthrax outbreaks, now are free of the disease. This leaves 49 Ohio counties with anthrax, a drop of a high of 52 counties a few days ago.

## Meanderings

By Wash Fayette

This has been a good year on the farm of S. A. Ringer, attorney, farmer and candidate for the Republican nomination for Congress from the sixth district.

Ringer owns 38 ewes which have given birth to 72 lambs in recent weeks, which is considered somewhat a record.

When his campaigning keeps him busy during the day, Ringer changes clothes and hurries out to the farm, even at night, to look after any of his flock that might be in distress.

Jake Kepler, who has brought a number of unusual things to this office over a period of years, now has a huge Christmas cactus which is covered with bloom, although it bloomed during the Christmas season.

Jake resides on route 70, four miles south of Greenfield (last house on the right before dipping into Rattlesnake valley), and the unusual cactus is attracting much attention.

Jake has had the big cactus, which he says is nearly three feet across, for 23 years. At Christmas time it bore scores of blossoms.

Now it is blooming just as profusely as it did three months ago, which is decidedly out of the ordinary.

## News Briefs

EL RENO, Okla., April 16—(AP)—Earthquakes jolted portions of Oklahoma Wednesday for the third time in a week. Two distinct tremors struck at about midnight, were felt in El Reno, Oklahoma City and Union City.

SAN FRANCISCO, April 16—(AP)—The Council of Bishops of the Methodist Church in America has named Bishop Fred Pierce Corson of Philadelphia as president. He succeeds Bishop Arthur J. Moore of Atlanta.

PARIS, April 16—(AP)—Francis Cogne, 75, noted French sculptor, died Tuesday. He had done busts of many famous persons, including Winston Churchill and Georges Clemenceau.

BERLIN, April 16—(AP)—Communist East Germany is planning to confiscate all U. S.-owned property in the Russian zone, informed government circles reported Wednesday.

SAN JUAN, Puerto Rico, April 16—(AP)—Capt. John Burn, pilot of the Pan American Airways plane that crashed off San Juan last Friday, killing 52, and his wife, singer Jane Froman, will leave here Wednesday for New York. Burn was among the 17 survivors of the crash.

CLEVELAND, April 16—(AP)—Republic Steel Corp. said that more than 800 of the 1,000 dayshift employees at its bolt and nut division struck Wednesday "in defiance of the federal government."

BRIGHTON, England, April 16—(AP)—Joseph Griffin was fined one pound (\$2.80) Wednesday for speeding 41 miles per hour along Brighton's streets in his motorized invalid chair.

## Senators Study Bill To Give More Support To Farm Prices

WASHINGTON, April 16—(AP)—The Senate Agriculture Committee Wednesday considers measures designed to prop up government support of farm prices.

One of the bills, by Sen. Kerr (D-Okla.), would require that the price of a long list of farm commodities be supported at 100 per cent of parity. They include hogs, eggs, chickens, beef cattle, milk, butterfat, soybeans, flaxseed and wool.

Parity is a measure of farm prices declared by law to be equally fair to farmers and those who buy their products. It is a formula for computing what the farmer should receive for the products he sells in relation to the things he buys.

Kerr and Sen. Young (R-ND), author of two of the bills before the committee, were among witnesses listed for testimony Wednesday.

James G. Patton, president of the National Farmers' Union, and

Glenn J. Talbott, president of the North Dakota Farmers Union, also were expected to testify in support of the bills.

THE LEVEL of supports proposed by Kerr is higher and takes in more commodities than present law.

Present law requires the secretary of agriculture to support the price of the basic commodities—corn, wheat, cotton, rice, peanuts and tobacco—at 75 to 90 per cent of parity. Only in the case of tobacco, which is under marketing quotas, is the 90 per cent level mandatory.

Milk and butterfat now must be supported at 75 to 90 per cent of parity, and wool and mohair, honey and tungsuts at 60 to 90 per cent.

Price supports for other farm commodities are optional with the farm secretary.

## Wife Seeking Stalin Aid In Finding Mate

LONDON, April 16—(AP)—Mrs. Hermann H. Field, whose American husband disappeared behind the Iron Curtain in 1949, has sent a personal cable to Soviet Prime Minister Stalin begging him to help find Field.

Field, a Cleveland architect, is the brother of Noel Field, who vanished in Prague May 12, 1949. Noel Field has been mentioned in Communist charges as an American agent and by former American Reds as a Communist.

Noel's wife, Herta, also disappeared in Prague, on Aug. 26, 1949, four days after Hermann Field disappeared in Warsaw.

Hermann's British wife said in her London home Wednesday that she sent the following telegram by regular commercial cables to Stalin in Moscow:

"I beg you to help find my husband, Hermann Field, who parted from his friends at Warsaw airport on a journey to Prague by Czech airlines on August 22, 1949, and has not been heard of since. His two little boys and I need him desperately."

Mrs. Field said her telegram to Stalin was not in any way political but from "just a mother looking after her children."

Her husband, she said, may have made inquiries concerning his brother and that may have resulted in his own disappearance.

## Electric Union May Foul Up Phone Status

CLEVELAND, April 16—(AP)—Western Electric Co. strikers may extend their picketing to additional Ohio Bell exchanges Wednesday, a union official said.

Since Monday, when the CIO Communication Workers union settled their strike against Ohio Bell, Western Electric workers have thrown up picket lines to keep Ohio Bell workers from returning to their jobs in seven of the state's largest cities.

The WE strikers are also members of the CIO Communication Workers Union, and as employees of the Bell System's equipment-making division they work in the same buildings as Bell employees.

"We may start some hit-and-run picketing of other Ohio Bell exchanges where WE installers and distributors work unless talks result in a settlement," Walter W. Brady, a steward for the union's WE division here, warned.

So far, Cleveland, Columbus, Akron, Toledo, Youngstown, Dayton and Canton exchanges of Ohio Bell are being picketed by WE strikers. This has kept about one-third of the company's 16,000 workers from reporting back on the job, spokesmen for Ohio Bell said.

## Truce Talk Lasts Only 20 Seconds

MUNSAN, April 16—(AP)—Korean truce supervision negotiators took only 20 seconds Wednesday to decide they had nothing new to say on their double-barreled deadlock.

The delegates exchanged only 27 words. They agreed to meet again Thursday. In the last six sessions, they have met for a total of only four minutes and 20 seconds. They are locked over Red nomination of Russia as a neutral truce observer and the Allied demand for a ban on the rebuilding of military airfields during an armistice.

## Trades Pay Up

CLEVELAND, April 16—(AP)—Three Greater Cleveland AFL building trades unions have signed contracts providing 25-cent hourly wage increases. The agreements boost 8,000 carpenters to \$3.07½ an hour, 6,000 building laborers to \$2.35 an hour and 200 composition roofers to \$2.95.

## Third Riot In Month Plagues New Jersey Prison Officials

TRENTON, N. J., April 16—(AP)—A handsome but vicious life-term convict and 67 followers continued Wednesday to defy their keepers in the third riot inside New Jersey's state prison within the last month.

August Bernard Doak, described by the judge who sentenced him to life imprisonment for kidnapping as a "menace to society" led the revolt which broke out at 10 a. m. Tuesday in the prison's print shop.

The 68 convicts barricaded themselves within the print shop, holding four prison employees hostages. They had not smashed any of the shop's equipment, a pattern set by some 50 convicts who rioted for 45 hours three weeks ago in a segregation building.

But, like their predecessors, the Doak gang went without food or

## Stevenson Shuns Presidential Race

SPRINGFIELD, Ill., April 16—(AP)—Gov. Adlai E. Stevenson said Wednesday "I could not accept" the Democratic nomination for President. He said:

"I have repeatedly said that I was a candidate for governor of Illinois and had no other ambition. I must now add that in view of my prior commitment to run for governor and my desire and the desire of many who have given me their help and confidence in our unfinished work in Illinois, I could not accept the nomination for any other office this summer."

## More Casualties

WASHINGTON, April 16—(AP)—The Defense Department Wednesday identified 51 more Korean war battle casualties. Of the total, 11 are dead, 39 wounded, one injured in battle zone accident.

## Aim of Lionism Described at Jeff Club Meet

'Family Night' Party  
Is Addressed by  
Judge W. C. Wiseman

Thirty-five members of the Jeffersonville Lions Club and their wives were given a first hand report on what their international Lions organizations is doing to spread good will throughout the world when they gathered in the community club room Tuesday night for another of the club's "Family Night" parties.

Judge William C. Wiseman of the court of appeals was the principal speaker of the evening. He is a member of the Dayton club.

As chairman of the Board of International Relations of Lions International, Judge Wiseman devoted much of his talk to what was described as one of the most important phases of Lionism—building up good will throughout the world.

At the outset, he reminded the gathering that there are 800 Lions clubs in the United States and 3,500 more clubs spread among 34 other nations.

AN EFFORT is being made, he revealed, to bring heads of all of these clubs together as a committee with the primary purpose of developing a "better understanding of the problems that face all of us."

In introducing Judge Wiseman, Clarence Stuckey, the program chairman of the host club, declared that the chairman of the Board of International Relations had been "very successful" in that position because he has had many opportunities to talk with representatives of many clubs in other countries.

It was brought out by Judge Wiseman in his address that a unique program called the "Good Neighbor Policy" has been put into operation this year. He explained that through this program nearly 100 clubs in the United States already are corresponding with clubs in other countries.

The international correspondence program—something akin to the "pen pal" idea followed out in a smaller way by other groups—is just now getting well under way, it was said, and indications are that it will grow to sizeable proportions in the near future.

HOWEVER, this program is only the first step toward the broader objective, Judge Wiseman said. Plans call for representatives of the corresponding clubs to get together at international conventions to exchange ideas and become personally acquainted.

After the meeting, it was disclosed that there is a possibility that the Jeffersonville club is considering entering into a correspondence program with a club in some other country. Details have not been worked out yet, however.

Illustrative of the influence Lions International is having, and has had, on international relations, Judge Wiseman told of how, just before the outbreak of the Second World War, the organization had had a part in checking the advance

of Communism into the Philippines.

He described how the Lions organization, with the sanction of the Philippine government, was just getting well started with the establishment of clubs when the war came.

THERE WAS NO question in Judge Wiseman's mind or the minds of his audience that the Lions International move into the Philippines had been made at the opportune time and that it was a potent factor in blocking the Red infiltration as well as Japanese espionage.

Judge Wiseman said he considered important the Lions club policy of assigning three specially selected representatives to attend all United Nations conferences and report back to the individual clubs through regular channels, such as the Lions magazine and speakers.

The program followed a covered dish supper at 7 P. M.

James Boren and Harold Klever were the hosts for the evening.

Mr. and Mrs. Warren Williams were special guests for the affair.

## Mainly About People

George Taylor was released from Memorial Hospital Tuesday, to his home in Sabina.

After undergoing surgery in Memorial Hospital, Miss Dorothy Turvey was released Tuesday afternoon to her home in Reesville.

Mrs. Willard Mitchell and infant daughter were released from Memorial Hospital to their home, 1026 Willard Street, Tuesday afternoon.

Donald Shaffer was dismissed from Memorial Hospital Tuesday afternoon to his home, 424 West Elm Street, after undergoing surgery.

Mrs. Eugene Scott, Route 3, Sabina, underwent surgery in Memorial Hospital Wednesday morning. She was admitted Tuesday evening.

After being a patient in Memorial Hospital for medical treatment, Mrs. Lovey Riley was discharged Tuesday to her home in Bloomingburg.

Mrs. Emerson Francis was taken from her home, 114 East Circle Avenue, to Doctor's Hospital, Columbus, Tuesday afternoon in the Gerstner ambulance.

Joan Campbell, daughter of Mrs. Condon Campbell, 704 Fairway Avenue, entered Memorial Hospital, Tuesday afternoon for observation and treatment.

Mrs. Strawn Knisley was discharged from Memorial Hospital and taken to her home in New Holland, Wednesday morning in the Kirkpatrick ambulance.

Miss Fanny Crownover of New Holland, was taken to Memorial Hospital Tuesday afternoon in the Kirkpatrick ambulance. She is a patient for observation and treatment.

One person in every 10 in the United States received some kind of Red Cross assistance or training in 1951.

## Plans Outlined By 4-H Council

Officer-advisor  
Conference Monday

After hearing the usual reports and approving them, the 4-H Club Council settled down to serious business of policy discussions at its Tuesday evening meeting in the Farm Bureau auditorium.

Some of the discussions were more along informative lines with other conclusions being reached; others resulted in recommendations. The council, after some lengthy discussion, approved a resolution to recommend to the Fair Board (1) that outside-the-county judges be secured for the 4-H club project exhibits and (2) no awards be presented on 4-H entries without the approval of the council.

There was a long discussion on the awards to be made on exhibits during this Golden Jubilee year of the 4-H clubs and the premium lists for Fair exhibits, but no decisions on any of the proposals were reached.

The council did approve some changes in the methods for selecting and scoring the 4-H health champions. The principal recommendations were that the boys and girls in line for the honors should be scored 25 percent for individual health and 75 percent for improvement during the previous year, this take into consideration the health work of the clubs to which they belong.

IT WAS ANNOUNCED at the meeting that an important conference of club officers and advisors is to be held Monday at 7:30 P. M. in the Farm Bureau auditorium. There are about 200 club officers and advisors in the county and Mrs. Lawrence Hoppes, president of the council, emphasized that "it is important that all attend this conference."

Mrs. Hoppes explained that group discussions would be the backbone of the conference which is designed to improve the overall 4-H program. She said, for example, that the presidents would meet for one group discussion of ways and means for the club heads to better their work. Other group discussions, she said, would be held by the club secretaries, treasurers, health and recreation leaders and news reporters.

One of the topics to be taken up by the advisors in their group discussion, she said, would be judging of club and individual projects. One of the purposes, she added, was to achieve greater uniformity.

THE ANNUAL 4-H club party is to be held May 5 at 7:30 P. M. in Memorial Hall, the president announced.

Albert Cobb, the associate county extension agent, reported that a wire recorder had been purchased.

John Melvin was selected for the 4-H Junior Leadership Honor Award.

Fayette County's 4-H clubs have been assigned as their project at Camp Clifton the painting of the old recreation hall. Mrs. Hoppes said volunteers from among the club advisors would be needed to carry out the work. Two periods

have been set aside for the project—May 14 and May 23 and 24.

Refreshments were served by the president of the council after the meeting.

On the refreshment committee for the next meeting, May 19, were appointed Mrs. R. C. Belt and Mrs. Ralph Barger.

## Funeral Services For Miss Garringer

Funeral rites for Miss Christina Garringer were held Tuesday at 1:30 P. M. at the Parrett Funeral Home. The services were conducted by Elder Cecil Paden of Chillicothe, pastor of the Seventh Day Adventist Church here.

Elder Paden offered prayer, read the Scriptures and delivered the sermon.

Miss Jane Fultz sang "In The Garden," and played the processional and recessional.

Elder and Mrs. Paden sang a duet.

Interment was in the Washington C. H. Cemetery.

The pallbearers were Andy, Clyde, Bert, Frank, Virgil and Russell Garringer.

## Mrs. Daisy Haynes Funeral Friday

Funeral services for Mrs. Daisy Haynes, who died in St. Petersburg, Fla., Tuesday morning, are to be held at 10:30 A. M. Friday at the Gerstner Funeral Home here.

Arrangements were made for the services by telephone from St. Petersburg Wednesday morning by her only son, Richard Haynes of Detroit, who was with his mother when she died.

He and Mrs. Haynes plan to fly to Cincinnati and come on to Washington C. H. immediately following funeral services at the Rhoades Funeral in St. Petersburg at 3:30 P. M. Thursday.

The services here Friday morning are to be conducted by Rev. Sanford Lindsey, rector of St. Andrew's Episcopal Church. Interment is to be in the family lot in the Washington C. H. Cemetery.

Friends may call at the Gerstner

## Wonder Expressed As To Government's Drift

It is easy to hear numerous conversations these days on every street corner and in nearly every home regarding the question as to what the Truman New Deal forces are trying to do during the remainder of time the present administration remains in office.

The strong undertone heard in most of these comments seems to be one of worry and anxiety.

What changes in the nation's economy do the "big boys" of organized labor and the government New Dealers now plan to put into effect?

Through the Truman administration the government has now broken the stabilization line and has recommended the highly controversial union shop for big industry. If followed through this will mean in time that all labor will be compelled to pay dues to unions. The Wage Stabilization Board has set up wage increases which can mean only more inflation.

Charles E. Wilson, economic mobilizer, appointed not only to speed rearmament but to hold back inflation, has resigned in protest.

The consequences of breaching stabilization will be to lower the purchasing power of the dollar, not only increasing the cost of living but putting higher price tags on weapons. That will result in higher taxes or greater inflation-producing deficits.

The consequences of forcing high wages upon industry will be to deny the treasury billions of dollars of tax revenue based on corporation earnings, throwing a larger tax burden on every citizen.

What is the over-all purpose behind all this? One Washington reporter says the scheme is to give government, labor leaders and management—in that order—control of big business.

Regardless of the immediate outcome, there is scarcely any doubt that this labor upheaval, affecting many important industries, is a step in the revolution

which has as its aim to change the nation's economic setup.

Can there be any wonder why many citizens are wondering toward what goal their country is heading?

### Confirmation Held Up

James P. McGranery, named attorney general by the president shortly before the latter took off on another tack and entered the steel business, will not be ensconced in his new office for many weeks. The Senate committee which will pass on his fitness will not take action until Senator McCarran, chairman of the committee, returns from his home in Nevada about May 1.

But McGranery sees his name in the papers, though he hasn't assumed his new post. He is accused of being a "master whitewash artist," and was a key figure in one of the most shocking whitewashes of all times—the Amerasia case. A magazine devoted to the Far East, Amerasia was accused of being involved in an espionage conspiracy during the latter days of the Japanese war.

Five men and women on the magazine's staff were arrested by the FBI. Two were convicted of minor crimes. Cases against the principals were dropped. When a congressional committee tried to find out why they were not prosecuted it accused McGranery, as chief prosecutor in the Justice Department, of whitewashing those under indictment and placing the blame for failure to prosecute further on the FBI.

Vice presidential booms are slow in getting started, except for those of the half dozen presidential candidates who think the best chance of snaring the satellite position is to overshoot the mark.

If the soil is overworked, as the Department of Agriculture maintains, a man has a ready-made argument for his wife when she nags him to get going on the garden.

## Worst Sin—Loneliness

BEVERLY HILLS, Calif. (AP)—Convinced that "if enough people knew each other, war would be impossible," Uncle Larry Perkins is conducting a campaign against what he considers the world's worst sin—loneliness.

He is attacking it where it is apt to be strongest—on the battlefield and in rooms where sick people lie.

He does it chiefly by writing letters—thousands to them—and by inducing thousands of other persons to write to each other. He has 200 "relay" agents in the United Nations armed forces to help him distribute the mail.

Uncle Larry also stages vaudeville and variety shows at veterans' hospitals. He's an ex-vaudeville and although he's 49 and his gray fringe looks a little sorry on top, he still can dance and roller skate on his hands.

Another project is his "cookie relay." He persuaded high school domestic classes in every state in the union to make Easter cookies and send them to the UN

forces in Korea and Japan. Letters from shut-ins and the blind are given special attention. He introduces blind persons, via letters, to blind servicemen in Wadsworth Veterans Hospital near here.

Perkins also entertains GIs in his modest bachelor's home: it is bulging with such items as 400 pairs of riding and cowboy boots, beautiful leather cowboy boots, self, civilian clothes, uniforms, bobsleds, skis, mineral and stamp collections—and every where bundles of letters.

Uncle Larry keeps the cowboy costumes because servicemen like to have their pictures taken in them.

His house also contains many gifts from grateful GIs, including shoulder patches, service ribbons and medals. He is especially proud of a gift from First Sgt. W. F. Webb of Princeton, W. Va. It is the field coat of the late Gen. George Patton, who placed it over Webb as the latter lay

wounded on a stretcher in North Africa in 1943.

The genial gent, who has difficulty finding time to make a living as a gardener, also conducts a missing persons bureau in the armed forces. His "search lists" are posted at many military camps.

His big interest, of course, is his relay mail system. He's talked dozens of coeds at the University of California in Los Angeles and young people from churches and other groups into writing letters starting them simply, "Dear Cousin." The letters are sent to relay agents in Army, Navy and Air Force units who distribute them to men who need them.

Many newspapers send him letters they receive from lonely GIs.

Although he's a bachelor and lives alone, Uncle Larry says he has found the cure for loneliness. It's simple, he says: Just try to help other people from feeling that way.

## Outlook for 'Voice of America'

By George Sokolsky

The Real Estate Board of New York, Inc. has issued a circular to its members tipping them off that the State Department and the Public Buildings Service are in the New York market for a lot of office space for the Voice of America, which apparently has a long life expectancy beyond anything yet known to the American taxpayer.

The Voice of America wants to lease—purchase 500,000 feet of office space, 30,000 feet of which is to be double-ceiling height studios. This space may be leased from 5 to 25 years. The plan includes a proposal . . . for a acquisition of title to such properties and structures by the United States at or before the expiration of the lease terms." Maybe all this is the usual language of the Administration in getting office space, but it looks like eternal tenure.

It is desirable that the entire area be air-conditioned, although it would seem that the amount the government is willing to pay

would not quite make this possible, so they propose to air-condition the double-ceilinged studios. The office space is to be in the most expensive part of the city, near the private broadcasting stations.

This is a very interesting announcement because it indicates that the "Voice of America" expects to be in business a long time, although many doubt its usefulness, including members of Congress who can vote it out of existence. Precisely why does the "Voice" need so much space in overcrowded New York? What will they do with it? How many person swill they have to hire to utilize that space? What do they intend to do with the space they already occupy?

The curious thing about it all is that in spite of a budget approaching \$100,000,000,000, nobody thinks of economizing. Economy is as important as efficiency although they are really parts of the same idea. The Hoover Reports, it is said, are 50 percent implemented, yet there is no evidence in the budget of any economy. The Hoover Reports were designed for increased efficiency and considerable economy. There is no evidence of either.

The Hoover Post Office recommendations have apparently been discarded. Efficiency is abandoned like an alien disease. The Post Office gives every evidence of decreased efficiency without providing any realistic evidence of economy.

In a big city like New York, where there are 8,000,000 inhabitants and which is a hub of world business and finance, the Post Office is being sabotaged by the officials in Washington. It is not unusual for a businessman to telephone to ask whether a letter sent the day before had actually

arrived. Not only are deliveries inadequate, but collections are delayed.

The other day, I stopped a couple of letter carriers on the street to ask them why letters are so slow in motion. One said to me: "Ask Jim Farley!"

Maybe I am slow-witted but I thought that Jim Farley had been out of the Post Office these many years. But the letter-carrier explained that there had been nobody in it with any common sense since Jim left.

It was direct testimony about the confusion in a government department that used to be the pride of the country. A two-cent stamp would carry a letter anywhere in our fair land through rain, snow, sleet and the heat of summer. Now, it costs more and it moves at snail's pace. And it is not the fault of the hard-working mail clerks or the carriers or the rural postmen. It is the career men who sit in Washington and sabotage improvement. The Post Office rejected the Hoover Commission's recommendations.

What can the "Voice of America" say about that with or without the additional 500,000 feet of expensive space in the heart of New York? Or, what are they telling the people of India or Ceylon or Yugoslavia or wherever it is they try to make their voice heard about what the president said to his Attorney General at the Washington airport?

We shall probably have to continue to suffer waste and extravagance and futile government activities until January 20, 1953, when we are to have a new Administration. Little can be achieved before then, except to investigate, to expose, to get angry.

Of course, it is always possible that there will be no improvement after January 20, 1953. Copyright 1951. King Features Syndicate, Inc.)

## Laff-A-Day

"Don't call me 'Pet'. It just reminds me that I work like a dog!"

## Diet and Health

**By HERMAN N. BUNDESEN**  
One type of severe pain in the wrist may be relieved by X-rays, heat, or an operation. This complaint is caused by tenosynovitis of the wrist.

Usually, pain around the wrist comes from inflammation of a nerve (neuritis) or joint (arthritis). Often mistaken for one of these is tenosynovitis, an inflammation of the tendons and certain membranes that produce fluids in the wrist, and generally follows an injury or sudden strain to the joint.

### Pain or Wrist Motion

The pain is near the thumb side and is usually very severe when the wrist is moved. Pressure on the bony part of the wrist causes extreme pain. The wrist is usually red and warm, and extremely weak. The sufferer cannot move it himself and may wear a wrist protector in the hope of clearing up the trouble if he keeps the wrist motionless.

An X-ray examination usually reveals nothing abnormal in the wrist bone. However, a local anesthetic injected into the area often removes the pain, and this relief is a test to determine whether the condition is tenosynovitis.

Treatment with X-rays seems to give the best help. As a rule, this treatment is light, one or two exposures being given over the area. More than 72 per cent of sufferers are relieved in this manner. The wrist joint is kept

motionless at the time treatment is carried out.

### Physical Therapy

Some cases that hang on after X-rays can be cleared up with heat treatments (diathermy) or other forms of physical therapy.

When a case fails to respond to any of these treatments, a simple surgical operation can be performed to remove all pressure from the inflamed and tender tissues. This clears up the painful symptoms in nearly all cases.

With these modern treatments, doctors can relieve this condition so often confused with simple neuritis or arthritis. But the proper steps must be started early enough.

### QUESTIONS AND ANSWERS

S. D.: What is multiple myeloma?

Answer: Multiple myeloma is a tumor-like disease producing destruction of the bones. Usually, there is severe anemia with this disease. There is bone pain, and broken bones may occur without injury.

X-ray therapy is usually of some help in treating this disorder. Blood transfusions may also be of benefit.

## Fayette County Years Ago

### Five Years Ago

Mrs. Rose Buckner of London, addressed the Mailbag Club here in the high school auditorium. She was introduced by Prin. Stephen Brown.

Mrs. Paul Mullenix was elected president of the Sunnyside PTA; Mrs. Lloyd Sowders the vice president; Mrs. Paul Davis, the secretary and Mrs. Carl Preston, the treasurer.

An automobile parts store is to be opened in the room on Market Street now occupied by the Drummond Implement Co. Clarence W. McGinnis Spring field, is to be the manager.

### Ten Years Ago

Fayette County relief costs for last year have been figured by state auditors at \$47,856. The state contributed half of the total.

The Junior Class of the high school is to present the noted organist, Claire Coci, in the auditorium here.

A war against mosquitoes has been launched here under new plans which include the help of high school students.

### Fifteen Years Ago

The Peoples & Drovers Bank building has been sold to Leroy Burris for \$8,500.

Judge H. M. Rankin has been holding court in Troy this week.

Jack Elliott and Frank Baker were cast in the main roles when the WHS opened its tennis campaign against the Chilli cote squad at Gardner Park.

### Twenty Years Ago

An exceptional concert was given in Grace Church here by the King Avenue Methodist choir. Freight service is being reduced by the Pennsylvania Railroad here; telegraph office and operators are being abolished in the retrenchment program.

Miss Jean Howat has been honored by being included in the list of leading genealogical researchers in the United States, in the Hand Book of American Genealogy, recently issued by the Institute of American Genealogy, Chicago.

### Twenty-Five Years Ago

The Church of Christ proved inadequate to hold relatives and friends who attended the Charles Allen funeral services.

The German "Minnewerfer," old gun captured during the World War (First World War), has been transferred from the Court House lawn to the Army lawn.

## Grab Bag

### The Answer, Quick

1. With what do you associate the name Judy O'Grady?
2. What did the legendary 'Spartan mother' do?
3. Can you supply the missing name to this sentence, "Dr. — I presume?"
4. In story book land, who ate bread and honey?
5. With what historic event do you associate Cemetery Ridge?

### Watch Your Language

KINDERGARTEN—(KINDER-GAR-ten)—noun; a school for young children conducted on the theory that education should be begun by cultivating the normal aptitude for exercise, play, observation, imitation and construction, and emphasizing the necessity of social training. Origin: German, literally, children's garden.

### Your Future

If you adhere to custom and schedule, stellar portents should favor you and your next year see new friends and much happiness in store. A strong, fine character is likely for a child born today.

### How'd You Make Out

1. She and "the colonel's" lady are sisters under the skin," according to Rudyard Kipling in his poem, "The Ladies."
2. She told her sons to return from war "either with their shields or on them," namely, dead.
3. Livingstone.
4. The queen in the parlor in "Sing a Song of Sixpence."
5. The famous ridge held by the Union troops during the Battle of Gettysburg.

### Actress Sheds

### Griddle Husband

LOS ANGELES, April 16—(AP)—

Actress Terry Moore won a divorce from football star Glenn Davis after testifying that he was stingy, shabby, called her a liar, derided her acting, insulted her friends and drove too fast.

Davis, 27, former West Point All-American now with the Los Angeles Rams, didn't contest the suit. Miss Moore, 22, testified he kept her in "a constant state of turmoil" during the 85 days they lived together.

Washington, C. H., Ohio

## Mrs. Holdren Is Hostess to Garden Club

Seventeen members of the Mari-lee Garden Club assembled at the home of Mrs. Frank Holdren, Tuesday afternoon for the April meeting and one guest, Miss Joan White, was included.

The president, Mrs. John Rowland, opened the meeting by reading the poem of the month and this was followed with the usual reports.

It was decided to observe Arbor Day at Wayne School, and Mrs. Everett Rife reported that two French Lilacs had been purchased by their club, one already planted

at Wayne School and the other to be planted on Maple Grove Church lawn.

An invitation was read from the Fayette Garden Club to attend their 30th anniversary celebration on May 12, at the Washington Country Club.

A report of the Regional meeting held in Lancaster, April 2, was given by Mrs. Glen Smith.

A substantial contribution was made to the Cancer Fund and Mrs. Everett Rife, Mrs. Ernest Harper, and Mrs. W. W. Herdman were appointed as a committee to arrange for the filling of the flower boxes at the Good Hope Bank.

Roll call was responded to by naming a favorite bulb blooming now.

Mrs. Bessie White gave a report on the narcissus show at Huntington, West Virginia, and Mrs. Herdman gave an interesting paper on "Soil Conservation."

During the social hour the hostess assisted by Mrs. Robert Rodgers, served tempting refreshments.

## Class Announces Sunday Musicales

The members of the Marguerite Class of First Presbyterian Church, are announcing a musical which they will sponsor Sunday, April 20 at 3:30 P. M. in the church to which the public is invited.

The program will consist of familiar selections both sacred and semi-classical and will be presented by talented musicians in this city.

An offering will be taken and will be used by the class in the many charitable projects which they conduct throughout the year.

## Calendar

### TUESDAY, APRIL 22

Eastside PTA meets at the school building, 8 P. M.

## Club Members Are Entertained By Mrs. Foster

Mrs. Vere C. Foster was hostess to the members of Olla Podrida Club at her home near Bloomington Tuesday afternoon.

The meeting was opened by the president, Mrs. Joseph M. Alleman, and the usual reports were given and approved.

A discussion was held on two subjects selected by the club which were chosen by the President's Club, which had been listed in the questionnaire.

Roll call was responded to by members who described heirlooms brought to the meeting.

The program was under the heading of "Our Heritage," and several readings were given along with a paper by Mrs. Zoe Garringer who outlined the opportunities we enjoy as a heritage home, school friends church and environment, and mentioned our indebtedness to early man of the nation and the world.

Among them were Benjamin Franklin, Lewis Pasteur and Henry Ford.

The next paper was "Our First Inaugural," and compared these events in earlier days to those of the present time, by Mrs. Ray Larimer.

Miss Olive Swope gave the third paper on the subject, "Mt. Vernon, A Monument of the Past," and Mrs. Vere C. Foster had a paper on "Thomas Jefferson, Our Inventor President."

Miss Katherine Gossard had the last paper entitled, "Lincoln's Home," which gave a description of the home which is so well preserved in Springfield, Ill.

Later the hostess seated her guests at a lace covered table in the dining room, which was centered with a watergarden of spring flowers for the serving of a tempting refreshment course.

Mrs. Zoe Garringer was included as a guest.

## Club Members Are Entertained At Luncheon

Eleven members of the Tuesday Kensington, motored to Chillicothe to be luncheon guests of Mrs. George Wakefield.

The delicious luncheon was served buffet, and the hostess seated her guests at one table beautifully appointed and centered with a beautiful arrangement of daffodils and jonquils.

During the afternoon, the ladies enjoyed their usual period of informal visiting over needlework.

Those motoring down for the delightful event were Mrs. J. J. Kelly, Mrs. Clinton D. Young, Mrs. Grace Goodwin, Mrs. Frank S. Jackson, Mrs. Edgar Snyder, Mrs. John B. Morton, Sr., Mrs. Courtney S. Haver, Mrs. O. D. Farquhar, Mrs. G. C. Kidner, Mrs. Blanche Biehn and Mrs. Walter Ellis.

## Personals

Mr. and Mrs. Ray Brandenburg are on a motoring business trip through Kentucky.

Master Greg Geiger of Birmingham, Michigan, is spending this week with his grandparents, Mr. and Mrs. Walter Paton.

Mrs. George Gongwer and daughter Ann, of Ashland, are visiting for a few days with Mrs. Gongwer's mother, Mrs. Henry Brownell, Sr. They will also visit Mr. and Mrs. H. F. Erick in Newark before returning home.

Mr. and Mrs. William A. Boylan motored their son Michael, back to St. Charles Borromeo Prep School in Columbus, Thursday, after an Easter vacation and will remain to be dinner guests of Mr. and Mrs. Jack P. Boylan in Columbus.

Mrs. M. J. Hagerty has returned from a few days visit with her sisters, Mrs. Robert Costello and Miss Lilymae Byrne in Dayton.

## Hospital Patients Are Entertained By Auxiliary

The regular monthly visit to the Chillicothe Veteran's Hospital, was made Tuesday afternoon by the American Legion Auxiliary with Mrs. George Inskeep, re-habilitation chairman for the month of April, in charge.

Patients ward 211 A were entertained with piano request numbers by Mrs. Roy Wipert, who also accompanied herself on the auto harp in the singing and pantomining of old songs which were greatly enjoyed by the patients.

Dancing and the serving of home-made cakes, candy, nuts, soft drinks, and cigarettes brought to a close another of the informal parties which the Auxiliary sponsors each month.

In addition to Mrs. Inskeep, and Mrs. Wipert, those making the trip were: Mrs. Clare Louise Boren, Mrs. Howard Mace, Mrs. Lawson Rhoads, Mrs. George Phillips, Mrs. Chester Dunn, Mrs. Charlene Malone, Mrs. William Lucas, Sr., and Mrs. Darrell Williams.

## Dedication Set

COLUMBUS, April 16—Gov. Frank J. Lausche will dedicate the Thomas Price Tree Farm in Licking County near Newark on Arbor Day, April 25. Price has planted 47,000 trees on his farm since 1930.

## Church Society Will Hold Open Meeting

The Woman's Missionary Circle of First Baptist Church will hold an open meeting Thursday evening, April 17 at the church at 7:30 P. M.

The guest speaker will be Miss Margaret Montgomery, who was born in Canton, China, and is now a freshman student at Wilmington College, preparing for a career in occupational therapy. Her father was a teacher in China and her mother a physician.

All members of the church as well as the public are cordially invited to attend.

A special program has been arranged and light refreshments will be served.

## Church Merger Ban Is Lifted

NEW YORK, April 16—An appellate court decision has lifted a ban on the proposed merger of the Congregational Christian Church and the Evangelical and Reformed Church.

Proposed merger of the two Protestant denominations, with a total membership of almost two million,

was restrained two years ago by State Supreme Court Justice Meier Steinbrink. The appellate division of the supreme court reversed the decision, saying that "the civil courts do not interfere with ecclesiastical matters in which temporal rights are not involved."

## Town Has Four Mayors in 4 Days

RARDEN, April 16—Residents of this Scioto County village of 300 think they might have set some kind of a record. They've had four mayors in as many days.

First, Mayor A. P. Hoffer resigned because of ill health. Village Council President Walter Beekman assumed office, but only for one day. He said he didn't have time.

Then Councilman Roy Wallace took over. He kept the job several hours and quit. So Councilman Roscoe Gardner became mayor. He's the mayor now—or at least he was a few minutes ago.

### 100 MEN RECALLED

# Secretary of State Speaks To Rotary Club

Hon. Ted W. Brown Appeals for Greater Interest In Voting

The vital need for citizens to take more interest in their government and their responsibility in selecting their officials by exercising their right to vote, proved the basic features of an address by Secretary of State Ted W. Brown before Rotarians and guests at the club luncheon Tuesday.

Ted W. Brown

Introduced by Charles Dunton as one of his old schoolmates, Brown utilized his first remarks in explaining the many duties of the secretary of state's office.

He said that few people in Ohio realize the many functions and responsibilities which that office has. Most people seem to believe that attention to records for elections and attention to rules and regulations for election officials are the principal duties of the secretary of state and his office staff. Most of his hearers were greatly enlightened when he listed many of the matters that must be handled through the office.

**AFTER EXPLAINING** the duties of boards of election in Ohio, the speaker stated that he had a deep-seated conviction that these positions are jobs of public trust and should not be taken lightly as partisan rewards for political service.

He told how he had made it a point to personally interview most election board officials in Ohio to emphasize the importance of the civic responsibility in these positions. He said that he discusses with these officials many of the problems arising among them and the necessity for clearing many of them through the office of the secretary of state.

Secy. Brown declared that in Ohio as in every state there are a certain number of election frauds arising mainly from improper activities in connection with absent voters' ballots. Many persons have spent time in prison for misuse of such ballots, he asserted.

It was at this point in his talk that Brown touched upon the anxiety felt by countless people over an apparent lack of basic integrity among too large a number of holders of public office in the country. For this reason, he insisted, it is all the more necessary that the people of the state and nation endeavor to seek out honest men by voting for such men in primary and regular elections.

**HE CALLED ATTENTION** to the fact that in this country, where we seem to have everything of material value and convenience, we have been slipping, as a people,

through our lack of a universal faith in God and what Christianity stands for. Much of this remains an individual responsibility, he said, and added that we seemingly have become so concerned with national defense and military matters that we have been "buying a Maginot Line" for ourselves instead of devoting more thought to Christian principles and civic virtue in practice at home and in spreading such ideas abroad.

"Will our children inherit from us a world of armed camps and weapons of mass destruction or will we revise our human trends toward giving more attention to our hearts and consciences?" he asked. "Are we disregarding and denying the impulses of conscience? If we find we are, it is time for reaffirmation of those principles which stand for character, dignity and right."

At the close of Secy. Brown's talk, President Ed Moser thanked him cordially for coming before the club and for the high purpose behind his remarks.

**DURING THE ROTARY** business session Edmond Woodmansee introduced the new student guest, Robert Gidding. The outgoing guest, Don Bandy, thanked the club for his opportunity to attend recent meetings.

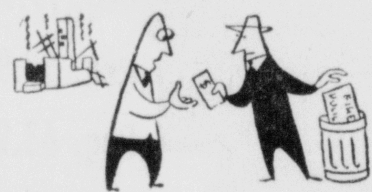

Eli Craig delivered an informative talk on the present Cancer Drive. He mentioned the fact that it was probable an effort would be made by the local organization backing this campaign, to have this drive become a part of the Community Chest campaign for next year. He made an earnest appeal for people of this community to be liberal in their financial contributions to this important campaign.

Belford Carpenter, Ansel Kirkpatrick and W. J. Hilly were called up by President Moser for the club birthday song and each contributed to the club's youth fund.

Willis Moon, musical director of the Greenfield Rotary Club, who was a guest here Tuesday, was asked to lead the club singing by

## Now you Know!

The Answers to everyday insurance problems  
By Leonard Korn and Dana Hyer

**QUESTION:** Recently we suffered a fire loss which was paid by our insurance company. Now a friend tells me that my insurance policy expired with the settlement and I must take out a new policy. Is this true?

**Answer:** Not entirely unless the Company paid you the full amount of the policy. Most fire insurance policies today contain an Automatic Reinstatement Clause which provides that when the Company has paid a fire loss of less than a certain amount (\$500.00 in this state) the Company will automatically reinstate the policy to its original face value. Fire loss payments in excess of this amount are deducted from the policy value and the insured should consult his agent about bringing the policy back to its original coverage.

\*If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.

## Poet's Corner

**EASTER ASSURANCE**  
The day of the Resurrection,  
When Jesus arose from the dead,  
Promises to us everlasting,  
That we shall arise from death's bed;

It is the hope of the living  
To be with dear loved ones again,  
To know them as when they were here—  
Oh, the joy of the meeting then;  
God give us comfort in sorrow,  
Strength and hope along life's highway,  
So we may know peace eternal  
And be with our dear ones some day.

May M. Duffee

reason of the absence of William Clift, who had gone to Chillicothe with high school band members to hear the U. S. Navy band.

## Tax Sales Here Show Sharp Gain

Fayette County leaped forward in the sale of prepaid tax receipts in the county during the week ending March 29, as shown by the weekly reports of Robert W. Tracy, state treasurer.

For the week receipts from sales reached \$8,010.32 compared with \$5,444.31 for the same week in 1951.

Clinton County, Greene and Pick-

away also showed gains, but Madison, Ross and Highland showed losses for the week ending March 29.

Total sales in Fayette County since July 1, 1951, have been \$268,207.20 compared with \$270,364.25 for the same period starting July 1, 1950.

Three other counties in this area show small drops the past year compared with the previous year.

## FB Youths Elect Representative

Joan Cockerill was elected to represent the Farm Bureau Youth Council at the regular FB Council meetings, during the meeting of the youth council at the home of Joe Fisher.

Miss Cockerill will forward any reports or suggestions the Youth Council might make and report back to the group on the activities and discussions held in the adult council meeting.

"Do's and Don'ts of Youths" was the topic discussed by Jack Pope at the meeting. He told of some of the things which are frowned upon by others.

Following the meeting, Bob Agle conducted games and Mrs. Ray Fisher served refreshments.

Betty and Neal Rowland will be co-hosts at the next meeting, May 19.

In Aztec days the capital of Mexico, Tenochtitlan, was a city of canals much like Venice.

## Two Sons in Army; One Korea Veteran

The second son of Mr. and Mrs. Levi Bobo of near Mt. Sterling, to enter the service is now at Lackland Air Force Base at San Antonio, Tex., where he is receiving training as an airplane mechanic. He is Pvt. Levi Roy Bobo, Jr.

Their first son to enter the service is Pfc. Bobby E. Bobo. He is now on Hollaiddo Island, the northernmost island of Japan, where he is assigned to security duty.

As a member of the First Cavalry Division, which fought through the early days of the war in Korea, he wears the Combat Infantry Badge and the Korean Service Ribbon with one campaign star. He took part in the amphibious

landing at Pohang-dong in July of 1950, and the battle across the Nakong River following the Inchon landing in September of the same year.

## Honesty 'Pays' But Kinda Skimpy

**L.A. MESA, Calif., April 16—**—Albert Smelko, public works superintendent here, saw \$20 bills floating in the downtown air. They were all around.

Smelko jumped out of his car to retrieve the greenbacks. He collected \$1,000 worth and a bank book with the owners name. He returned all. For his trouble, he was given a one-dollar reward.

# Stalin Can Wait; Cold War Studied

Moscow Pegs Germany as Main  
Target; No Split There Wanted

Editor's Note: William L. Ryan, Associated Press foreign news analyst, has traveled from Belgrade to Helsinki in a two-month tour of Europe tapping sources of information at the edges of the Iron Curtain. This is the first of four articles in which he appraises the current status of the Cold War in Europe and brings out how the Soviet Union is pushing its campaign.

By WILLIAM L. RYAN  
BERLIN—(AP)—"After all," said the diplomat, pushing his chair away from his desk, "here is what the Cold War is all about."

He picked up a ruler and pointed it at the map of Germany in the heart of Europe.

"If and when the Russians are ready for war, we will know it here first," he went on. "But it will not be in 1952. The Russians aren't ready. And Stalin can wait."

"WE WILL know a year in advance. Right now we know that their communications and transport are in no shape to start a war. We know they lack faith in their satellite armies and populations. We know they would need large numbers of troops to hold what they have now. We know they lack the technical and economic resources on a scale permitting war. We know they are intent on maintaining the status quo in the West while they go about their business in the east."

Many Western diplomats agree

with this assessment. Some think the war will come eventually, but most express the belief that what is going on today is a long-range holding action.

The consensus here, at the edge of the smoldering volcano, appears to be that the Soviet Union is intent now upon holding whatever it can in the West, protecting its western flank, while consolidating and pushing forward in the Orient.

Thus, goes the reasoning, the entire program in Europe today appears to be aimed at paralyzing the Western European will to resist—to render Western Europe impotent and neutral. It seems as if Moscow were convinced that with Europe neutralized, the continent must inevitably come under the Kremlin's domination.

If war comes, the Communists are ready with their own underground armies, their hard core fanatics, their fifth columns ready to spring into action at the moment the Kremlin gives the signal.

IN THE DRIVE to neutralize Western Europe, the prime target is Germany. They are competent observers in Western Europe who speculate that Stalin would even be prepared to dump the whole East German Communist Party if he could achieve the goal of a German vacuum in the heart of Europe, dominated by the might of Soviet arms on the east and leading the West down the road to enforced neutrality. Economic domina-

tion by Moscow would not be too distant a goal.

In May the three Western Powers meet with Western Germany to sign a peace contract. This would finalize the split of Germany into two parts. It would presage a Western Germany, able to flourish economically, fitted into the Western defense scheme.

That is the last thing Moscow wants. But Moscow remembers other times when the Germans were willing to make deals at the moments when they thought Germany would reap the most benefit, and the devil take the hindmost. Possibly Moscow banks on the theory that the Germans haven't changed.

Tomorrow: The trifles that may win the Cold War

## Taft Urging \$15 Billion Slash

WILLIAMANTIC, Conn., April 16—Sen. Robert A. Taft says \$15 billion should be slashed from the administration's budget for military and foreign aid appropriations.

The Ohio senator, who is seeking the Republican presidential nomination, adds that the administration is using the wrong methods to oppose Communist threats. He said the U. S. should maintain a powerful air force which could "strike at Russia successfully with atom bombs if necessary." He asserted that the U. S. "cannot fight Russia on every far-flung point" where it "may choose to start an aggressive war."

## Debt Being Paid

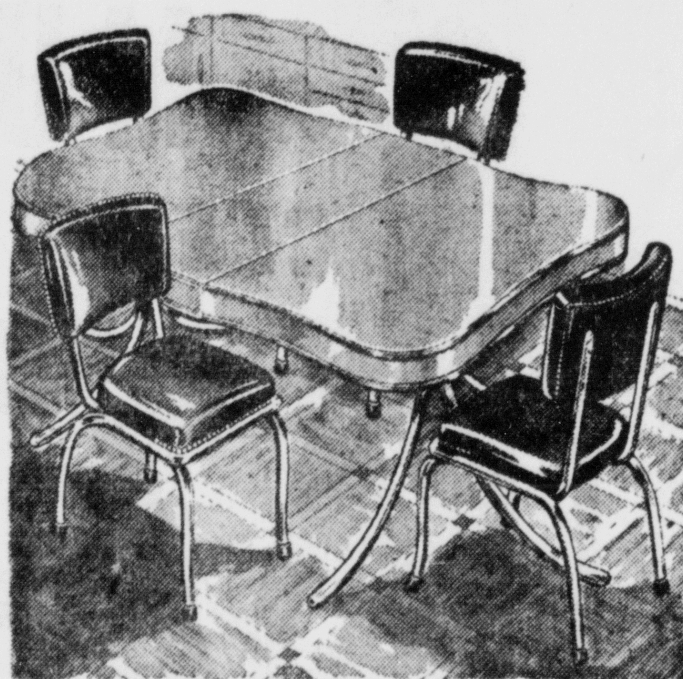

COLUMBUS, April 16—Ohio paid out \$8,219,775 Tuesday for retirement and interest on World War II soldiers' bonus bonds. Officials said \$6½ million will go for retirement, the rest for interest.

"IT'S SO EASY TO PLACE A WANT AD."

# Rookies Fail To Stand Out In Openers

Old-time Baseball Players Show Way As Season Starts

NEW YORK, April 16—(P)—Who said youth must be served? Apparently that doesn't go in baseball. At least it didn't in Tuesday's major league inaugurals.

Two dozen rookies, the most in more than 20 years, saw action as the 1952 season got underway. And while the majority of them did little more than fight off their nervousness, up stepped the grizzled veterans to steal the show.

Here's how the oldsters practically blanked the youngsters:

Boston—A chilled gathering of 4,694 watched 34-year-old Preacher Roe still the Braves' bats with seven hits as Brooklyn edged out a 3-2 victory.

Chicago—Early Wynn, Cleveland's 32-year-old righthander saddened 25,037 City spectators, outpitching Lefty Billy Pierce to give the Indians a 3-2 triumph over the White Sox. Wynn doled out six hits, holding Rockies Hec Rodriguez and Bill Wilson to a harmless double.

DETROIT—St. Louis unveiled five freshmen in its opener against the Tigers but it was the pitching of Veteran Ned Garver and the hitting of 34-year-old Marty Marion that was responsible in the 3-0 victory over the Bengals.

St. Louis—Red Schoendienst, one of the Cardinals' "old guard" hammered a first inning homer to get the Redbirds off to a lead they never relinquished. Relief Pitcher Alpha Brazle, 37, stopped the Pirates cold, retiring the last four batters to give the Cards a 3-2 victory. The Pirates used four freshmen but it was a homer by Ralph Kiner that accounted for the Bucs

Your Kodak Dealer

first run and a single by the much-travelled George Metkovich that scored the other.

Washington—Walt Dropp doubled in two runs and Ted Williams' triple accounted for the other as the Boston Red Sox shut out the Senators, 3-0.

Mel Parnell, the sterling southpaw, issued only three hits as he whipped the Nats for the 15th straight time. Rookies Faye Thornberry, Jimmy Piersall and Ted Lepic of the Red Sox collected two hits among them.

Cincinnati—Four rookies appeared in the lineups—two each for Chicago and Cincinnati—but it was a third inning grand slam homer by 33-year-old Hank Sauer and a run-scoring pinch hit single by 31-year-old Gene Hermanski that enabled the Cubs to beat the Reds, 6-5, in 10 innings.

Blustery, cold and wet weather ruined the opening day attempts of the New York Giants and Philadelphia Athletics. Weather permitting, the Giants will inaugurate their season tonight against the Philadelphia Phillies while the Athletics will stick to daylight with the New York Yankees as their opponents.

# Lion Cagers Honored by Lions At Club's Annual Banquet

THE THREE SENIORS ON THE WHS LION basketball squad were presented miniature gold basketballs by the Lions Club at the club's annual basketball banquet Tuesday night at the Country Club. Two of them are shown above with their coach, Harry Townsend (left) and Emerson Marting (right) as they admire their mementoes. Two of the seniors, Bud Dawson (left in light suit) and Lloyd Arnold (right in dark suit) were at the dinner to receive their little basketballs. Norman Crosswhite, the other senior, was unable to attend the dinner.

The essentials to success, in addition to building a framework, is character. These were the words which Fred Raizk, director of athletics at Wilmington College, advised the Washington C. H. High School basketball team to remember.

The Lion varsity and reserve teams were honored by the Washington C. H. Lions Club at the annual basketball banquet held at the Country Club Tuesday night.

The Varsity cagers were introduced by Head Coach Harry Townsend. Two of the three senior members of the squad present, Bud Dawson and Lloyd Arnold, were presented miniature gold basketballs by Emerson Marting, president of the Lions Club. Norman Crosswhite was unable to attend the testimonial dinner.

Varsity players introduced were David Crone, Donald Foster, Bob Alkire, Glen Milstead, Jack Rettig, Bob Smith, Wayne VanMeter, Walter Plymale, Dawson and Arnold. John Pensyl, of the squad, and Jim Williams, the manager, were not present.

Norris Highfield, chairman of the evening's program, introduced Stephen Brown, superintendent of schools, Principal Wayne Titus and Faculty Manager Arthur Engle. Fred Pierson, coach of the junior

high squad, was also introduced.

Curt Koons, the Reserve coach, introduced each member of his squad. They were Richard Bensen, Dale Coppock, Charles Cox, Dale Dawson, Sam Marting, Ron Meyers, Max Schlichter, Lyle Self, Roger Whitley and Dick Tracey, and the managers, Jim Perrill and Jim Newberry.

Dick Tracey was presented a trophy for being the best foul shooter of the Reserve team.

HIGHFIELD introduced Coach Raizk, who advised the cagers to first "be honest in your efforts and purposes."

Continuing, he said: "What you are today is what you will be tomorrow, whether it is in athletics or business, you must be honest."

Raizk cited the recent basketball scandals which affected many college players. "The mark that is upon those men today will remain with them the rest of their lives. Don't become a victim of dishonesty," he warned.

The coach and the school you

represent, he declared, only asks for "a spirit and cooperation." "Remember when you are on a basketball floor you represent others in addition to yourselves," he added, and declared:

"There is no short cut to success. It takes hard work and cooperation, besides many failures before the goal can be reached. To be a better player, you must have more than physical ability and the knowledge of the mechanics of the game; it takes the desire to play well. Profit from your losses and play to win in athletics and in your later business life. Athletics teach boys to be better men for tomorrow."

Announcement was made by the Lions Club convention chairman, R. B. Tharpe, that the state convention of Ohio Lions Clubs will be held in Cincinnati May 16 through May 18. The district convention was brought to the club's attention by Richard Rankin; it is to be held in Greenville on Sunday, April 27. Donald J. Gibson will be a candidate for deputy district gov-

## Two Baseball Games This Week for Lions

The WHS Lion baseball squad today was facing a busy week with two games on successive days.

Rained out of their game at Hillsboro Tuesday afternoon, it was rescheduled for Thursday afternoon.

The next afternoon, Friday, the Lions are to take on the SCO League's defending Circleville Tigers at Wilson Field here.

The Lions have managed to play only one game this spring. They were nosed out, 9 to 8, in that one by the Red Raiders from London. They were scheduled to play the Tigers at Greenfield April 10, but that one was rained and frozen out and rescheduled for April 25.

Inability to get in much outdoor practice because of interference by the weather has been one of the big worries of Coach Fred Pierson. His spirits were given a lift, however, by the bright sunshine Wednesday morning.

## No Star In Sight

NEW YORK, April 16—(P)—Eddie Arcaro, who has ridden more Kentucky Derby winners than any other jockey, said Wednesday "I still don't see any standout horses" for the \$100,000 gallop at Louisville's Churchill Downs May 3.

Of the 20 money-winning stables last year at Delaware Park, nine were owned by women whose horses won \$189,005.

## Coal Owners Gird For Talks With Lewis

WASHINGTON, April 16—(AP)—The nation's soft coal producers, preparing for their expected 1952 wage battle with John L. Lewis, have quietly signed an industry pact which draws management's defense lines tighter.

The Bituminous Coal Operators Association, principal bargaining group for the industry, has signed up most of the Indiana and Illinois soft coal producers. These operators have long held aloof from joining the national bargaining group, choosing to take their own contract chances with the United Mine Workers' boss.

The coal industry, alerted by government seizure of the steel mills and what it considers exorbitant government wage recommendations for Philip Murray's CIO steelworkers, believes its new agreement will give it a great deal more resistance to Lewis' traditional divide-and-conquer strategy.

The new pact boosts the association's annual tonnage, on the basis of 1951 production, to about 240 million tons of soft coal, roughly 56 per cent of the total soft coal produced by Lewis' miners.

Lewis, just back from a Florida vacation, has been sitting on his 1951 contract ever since Feb. 1, the first day on which he could legally have given 60-day notice of serving his 1952 demands. He is not expected to make his demands until the steel dispute is settled.

## Nabbed Enroute To Safety Meet

Cincinnati Very Much Embarrassed

Hubert J. Murphy, 36, Cincinnati, had one of life's most embarrassing moments Wednesday morning when he was taken into custody by a state highway patrolman on a reckless operation charge, while he was heading for a statewide safety meeting in Columbus.

Murphy, who is an official of one of the suburban districts of Cincinnati, was further embarrassed because, he said, it was his first offense.

The arresting officer, Patrolman M. E. Brickles, said Murphy was traveling about 65 miles per hour and passing on yellow lines.

Murphy waited for municipal court to convene at 9:30 A. M. for his hearing. He was fined \$5 and costs.

Others taken into custody by the state patrol included:

Leroy F. Roby, 21, Columbus, speeding on route 22, west. Bond \$20;

Milton Sager, Greenfield, speeding on route 70, at 7:30 A. M. Wednesday, was given a citation to appear in municipal court Friday;

Fred G. Jacobs, Bethel, traveling 75 miles an hour, was fined \$15 and costs in Mayor Roscoe Friddle's court at Mt. Sterling.

Bernard H. McLean, Columbus, traveling at 75 miles an hour or better on U. S. route 22, west, was chased from Jasper to Wilmington before the patrolman overtook and arrested him. He was fined \$20 and costs in Mayor Malcolm Arthur's court at Wilmington.

Dwight Edward Ogden, Unionville, Iowa, for passing on a yellow line, posted \$15 bond for appearance in municipal court.

## Missing Man Back Home in Sabina

Stanley Hill, 30, of Sabina, who disappeared March 31 without giving any information as to where he was going or why, has returned home, according to Clinton County officials.

Deputy Sheriff Floyd Foot of Clinton County, said Mrs. Hill informed him her husband had been working in Indiana, and plans to move his family there in the near future.

Hill left home about 7 P. M. March 31, with the announced intention of purchasing some tobacco.

So far as is known, no one knew of his whereabouts until he returned home the first of this week.

## Driver of Truck Forfeits \$15 Bond

Lewis Northup, 59, Springfield, driver of a truck involved in a wreck at Rose Avenue and Delaware Street Tuesday afternoon, was charged with reckless operation. He posted \$15 bond and then forfeited the bond in municipal court.

Northup was driving east on Rose Avenue, and was charged with failing to stop at the Delaware Street intersection, with the result that a car driven by Rodger S. Radabaugh, city, was struck. Radabaugh sustained painful injuries and his car was damaged considerably.

## Biscuit Baking Studied At Jasper 4-H Meeting

Patty McDonald outlined the proper method to bake biscuits at the regular meeting of the Jasper Happy Bakers 4-H club at the home of Elsie Williams.

The girls took notes on the outline so they will be able to make biscuits at the next meeting. The members will also have their pic-

tures taken for the club's scrapbook: Barbara Yarger will demonstrate the correct way to follow a recipe for baking a cake at the next meeting.

The next meeting will be at the home of Mrs. Malcolm Gault, the club's advisor, Monday, April 28. Patty McDonald will act as hostess for the meeting.

## Eastside PTA To Hold Elections

Three highlights are planned for the Eastside Parent-Teacher Association meeting scheduled for Tuesday at 8 P. M. in the school building.

Election of officers will be the main business meeting. Mrs. Charles Sheppard, Mrs. James Rose, Mrs. Emmett Backenstoe and Mrs. Ruth Hanna Hopkins are the members of the nominating committee.

The members will also give suggestions and decide upon a gift to be presented to the school by the group.

Joe Peters, manager of National Cash Register Co. here will be the main speaker of the evening.

Dr. and Mrs. Marvin Roszmann will be the hosts and chairmen of the evening's meeting.

## Austin Peters Rites Are Held

Many relatives and friends attended funeral services for Austin Peters at the Sugar Grove Methodist Church, Tuesday at 3 P. M.

Interment was in the Sugar Grove Cemetery, adjacent to the church. Rev. Henry Leeth conducted the services, assisted by Rev. Eugene Fraizer, pastor of the church.

Rev. Fraizer read the scriptures offered prayer, read the memoir, and a poem, "He Leads Me On," and the hymn "Eastern Gate."

Rev. Leeth delivered the sermon. Mr. and Mrs. George Anderson sang "Ninety and Nine" and "Take My Hand Precious Lord." The floral gifts were lovely.

The pallbearers were Oliver, Earl, Hugh and Herbert Peters, Logan Friend and Orville Dixon.

## Funeral Friday For Robert Hause

Funeral services for Robert Hause, 72, who died suddenly at his home 741 Gregg Street, Tuesday, will be held Friday at 2 P. M. at the Parrett Funeral Home, and burial will be made in the Washington C. H. Cemetery.

Rev. Russell Knisley will conduct the services.

Friends may call at the funeral home at anytime.

Mr. Hause is survived by two sisters, Miss Ruth Hause, of Dayton, and Mrs. Iolene Whitney, Troy. Mrs. Hause passed away last year.

## Ohio Aids Omaha

COLUMBUS, April 16—(AP)—Three giant C-124 Globemaster planes filled with cots, tents and blankets have gone out from the Columbus General Depot to flood victims in the Omaha area, depot officials said Tuesday.

## Miami Alumni Club To Hear Top Speaker

William E. Smith, dean of the graduate school of Miami University, who is to speak at the Thursday evening meeting of the Miami Alumni Club here, is ranked among the top educators and authors of the country and is listed in no less than eight "Who's Who" records.

Dr. William E. Smith

Besides, he had been in unusual demand as a speaker; he has made more than 700 speeches off the Miami University campus since 1941 in addition to being a radio commentator on world affairs.

John Dolibois, the secretary of the Miami Alumni Association with headquarters at Oxford, has written to Thomas Mark, president of the club here, that Dr. Smith "gives a terrific talk on Miami University and foreign affairs." He indicated his talk here would be along that line.

The Thursday evening meeting is to be held in the Dayton Power & Light Co. auditorium following a covered dish supper there.

Mark said he and Mrs. Robert Woodmansee, the club's secretary-treasurer and the executive board members, V. F. Crawford, Mrs. John Case and Ron Guinn of Mt. Sterling, were trying to reach all the former Miami students on their list by telephone to tell them of the meeting.

Parents of students and prospective students also are being invited.

Mark said the club's officers realized the list of former students, parents and prospective students was "far from complete," but he added "it's all we have and we can only hope that those we do not reach will call one of us or just come to the meeting anyway."

A color sound motion picture film also is being sent from Miami for the meeting.

## Ruth Nichols Selected 4-H Club President

Ruth Nichols was selected to head the Busy Needles 4-H club for the coming year at their meeting in the Children's Home.

Helen Brown was elected vice president and news reporter; Shir-

## The Old Home Town

By Stanley

ley Rapp, secretary-treasurer; Jane Gmi, health and safety officer and Mary Myers, recreation leader.

The main topic discussed during the meeting was what the group plans to make for its projects this year. The group finally decided that it would make "easy-to-make" cotton dresses. The girls will learn the proper method for laying out the pattern at the next meeting.

The next meeting is scheduled to be held on Monday, April 28 at the home.

## Pickaway Youth Shoots Himself

Claude Crable, Jr., 16, of near Williamsport, today is in a critical condition in Mt. Carmel Hospital as the result of a bullet wound in his head.

The bullet entered his right temple and passed through his brain but did not emerge.

He was first taken to Berger Hospital, Circleville, and then was transferred to Mt. Carmel Hospital in Columbus.

Members of the family heard the shot, investigated and found Crable lying on the floor in an unconscious condition.

## Mrs. W. B. Allen Dies in Wilmington

Mrs. Florence Ellen Allen, 83, died in Clinton Memorial Hospital in Wilmington at 2 A. M. Wednesday following an illness that had become serious about three months ago.

She had been in failing health for sometime, but had been in the hospital for care and treatment of a fractured hip.

Although a native and lifelong resident of Wilmington, she had many friends and relatives in and near Washington C. H.

She is survived by her husband, W. B. Allen, and a daughter, Mrs. Zela Brown of Wilmington. She also leaves three brothers, Carey S. Allen of Otway, Homer of Jamestown and Omer of Columbus and a sister, Mrs. Martha Bradley of Portsmouth.

Funeral services are to be held Friday at 2 P. M. at the Fisher Funeral Home in Wilmington in charge of Rev. A. Ward Applegate, pastor of the Friends Church of which Mrs. Allen was a member. Burial is to be in the Sugar Grove Cemetery.

Friends may call at the residence, 562 Douglas Street, in Wilmington after 2 P. M. Thursday until 10 A. M. Friday.

One out of every 90 persons in the United States is an active Red Cross volunteer.

## Parts Assigned For Senior Play

Drama 'All My Sons' To Be Given Apr. 25

Parts for "All My Sons," the senior class play, have been assigned and members of the cast are busy learning their lines while the stage crew readies the set for the play to be given April 25.

Thomas Mansell, dramatics teacher, will direct the three-act drama, written by Arthur Miller.

Playing the role of Joe Keller, an Ohio manufacturer, is Joe Wilson. Janet Parrett will enact the difficult role of Kate, Joe's wife. Terry Bright, a former war pilot, is Paddy Boso, and Paddy Boso will play Ann Deever his sweetheart. Her brother, George Deever, will be acted by Bob Cullen.

Living next door to the Kellers on the right side are the neighbors by the name of Dr. and Mrs. Jim Bayliss who will be played by Hugh Wilson and Emily Schlue.

The young married couple living on the left of the Kellers is named Frank and Lydia Luby. They will be played by Don Bandy and Sandra Griffith. John Melvin is cast as Bert a young neighboring boy who is a great friend of the Kellers.

Members of the class are conducting the advance ticket sale.

Reserved seats will be available at Paton's Book Store on Saturday.

The single performance of "All My Sons" will be presented in the high school auditorium Friday, April 25.

## Firemen Summoned To Garage Fire

Firemen, called to 1107 East Paint Street at 1:45 P. M. Tuesday, found a garage owned by Walter Toole, a mass of flames.

The fire virtually destroyed the structure, damage being listed at 80 percent.

Origin of the blaze could not be determined.

## FALL IS FATAL

LANCASTER -- Mrs. Amanda Hancock, 80, was fatally injured in a fall downstairs.

## Jeannie Conaway Elected President of 4-H Club

Jeannie Conaway was elected president and Mary Lightle was elected vice president of the Happy Snappy 4-H club during their meeting at the Children's Home.

Other officers elected in the group were: Mary Bennett, secretary; Jane Wightman, treasurer; Betty Lightle, news reporter and Ann Graham, health and safety officer.

This young group of girls decided to hem tea towels and embroider bibs for the Fayette County Hospital.

Their next meeting is planned for Thursday, April 24.
